

Beaches & Summer

Summer 2 2022

Welcome to this half terms Topic
Information letter for Oak &
Acorn Classes.

Miss Adams, Mrs Henderson,
Mrs Swordy & Miss Bell

Communication & Language

We will be learning through a core books approach and reading lots of our stories. We will be learning our topic through core texts based on summer beach. We will be encouraging the children to tell us their favourites and join parts of stories. In the Unit the Role Play Area will be a kitchen/living room also enhance this area with a beach café. We will be encouraging the ch

Literacy

We will be reading lots of our favorite stories and looking at non-fiction books about our topic. The children will be asked to consider which their favorite is and say why. We will also be encouraging the children to predict what will happen next and answer questions relating to stories.

All of the children will be developing their phonic skills through; listening to environmental sounds, as well as sounds in words. Oak children will be continuing with RWI phonics. Acorn children who are ready will start a small Nursery RWI session.

Within the unit, there will be lots of writing opportunities, from painting and drawing to writing in sand, and the children will be encouraged to make marks and give meanings to marks they make. They will be given lots of opportunities to write their names regularly both independently or with the help of name cards.

Understanding of the World

We will be looking at lifecycles and the conditions that minibeasts need to grow well. Observations will be made and changes which occur will be recorded. The children will get the chance to make healthy snacks and taste them.

Forest school will give us the chance to look more closely at signs of summer and habitats. These observations will be recorded through drawings and paintings. The children will explore the forest and make nests and dens for the creatures there. They will also have the opportunity to look for minibeasts in the early years garden. We will be learning all about the parts of a plant and planting our own flowers.

The children will have access to the Ipad's and chrome books to use websites and play games. In R.E. our topic will be Religious clothes.

Maths

The adults will be working alongside the children to model and encourage use of mathematical language; they will talk with the children about the strategies they are using in their reasoning and problem solving. We will be doing this through lots of practical activities as well as teacher led groups. Children will learn to recite numbers to 10, say one number for each item in order, know that the last number reached when counting a small set of objects tells you how many there are in total and represent numbers to 5. We will be learning our 2D shapes, one more, one less and patterns.

We are implementing 'Subitising' where the children will develop fast recognition of up to 5 objects, without having to count them individually. In Oak the children will be learning to add, take away, double and share.

Expressive Arts and Design

In our topic work we will be singing songs, playing instruments and encouraging the children to move to music.

We will encourage the children to develop their imagination through stories and use their ideas to paint and build models.

Home Time

If you need to change the usual arrangements for picking up your child from school, please let school know as soon as possible. As you will understand we cannot allow children to leave the school premises unless we have permission from parents or carers.

Reminders

If the bell rings early due to inclement weather could all parents and carers of Acorns and Oak walk their children around to the early year's doors where they can enter their classroom. Please do not walk through school or come in through the main entrance unless you are late.

We would greatly appreciate a £5 donation each half term. This helps provide additional resources to make the children's early years experience fun and extend their learning.

Oak class will be bringing home sound packs containing the Read Write Inc letter sounds they have been learning. Oak children will also bring home a reading book which will be changed every Friday.

Helping at Home

Keep reading lots of stories with your child. Talk about what is happening in the story and look at the pictures. Talk about the characters in the story and what type of people they are. Oak children will be bringing home a reading book and a reading record to complete.

Keep singing Nursery Rhymes and number rhymes with your child - in the car, in the bath, walking to school etc. Try to sing a wide variety so the children have a good repertoire. Sing number rhymes like '5 Little Ducks...' and practise counting objects and recognising numbers when you are out and about - look for numbers on doors etc.

Have crayons pencils and pens in the house and encourage them to make marks and try and write their names.

Make sure children have good bedtime routine, bath, story and bed. Be consistent with your expectations and make sure the children know what they are and are not allowed to do. Praise them when they do the right thing and make sure they know when they have not-by reinforcing what you want them to do. Remember securing good routines now will make you and your child happy and able to enjoy your time together.

Thank you for your help and support.
