We aim to SPARKLE!

Dear Parents / Carers

23rd Sept 2022

Let your light shine – Matthew 5:16

As a church school we continue to embed our Christian Vision and values each day through 'letting our light shine', every child is always encouraged to 'Sparkle'. At the end of a day please can we ask you to chat to your child to find out who has been 'letting their light shine'. We want every child to flourish and thrive and become lifelong learners to reach their God given potential.

Northumberland Community Childrens Health Services

You may or may not be aware but your local community children's health services in Northumberland were tuped over to the Harrogate and District Foundation Trust in October last year. Since then we have been trying to establish our social media offer in order to allow easy access to public health information to parents, carers and young people. We now offer information through our app (Childrens Health Services HDFT) and our new recently launched Facebook page (Growing Healthy 0-25 Northumberland). We share a range of public health information using reputable, evidence-based sites and NHS approved messages as well as signposting to free local services.

Families are also able to contact us through these portals to ask for advice. Our digital team, which consists of administrators, school nurses, health visitors, staff nurses, family health practitioners (formerly nursery nurses) and infant feeding support, are directly involved in the running of both the app and Facebook page to ensure the correct information is shared.

As you can imagine getting the word out across such a huge area like Northumberland is a challenging task and we are trying to reach out to our community partners to help spread the word.

We would be very grateful if you could follow our page and promote our app through your own social media pages and we would be happy to return the favour and promote messages and information you post. I have attached the QR codes as well as copied them onto the email for easy copy and pasting. You are welcome to share these as well as the links below.

OPERATION ENCOMPASS INFORMATION

The original initiative was aimed at supporting children who are affected by domestic abuse. The next part of the project will help all children to learn about friendships, relationships, emotions and rules so that they can live and work together safely.

Operation Endeavour- This is an innovative project in which schools and colleges in Northumberland are participating, and which is run in partnership with Northumberland County Council and Northumbria Police.

Operation Endeavour commenced in November 2018, aims to support children and young people who go missing from home. Children who go missing from home are at risk of significant harm and they may be vulnerable to sexual exploitation, violent crime, gang exploitation, or to drug and alcohol misuse.

As a result, following any report of a child going missing to the Police, the Police will make contact with Children's Social Care who will then communicate relevant and necessary information to nominated school staff.

Each school has members of staff (key adults) who have been fully trained in liaising with the Police and Children's Social Care when required, and will ensure that the necessary support is made available to the child or young person following their return.

I believe that this project demonstrates our school's commitment to working in partnership to safeguard and protect children, and to providing the best possible care and support for our pupils.
